Technion-Israel Institute of Technology

Center for Mathematical Sciences

Supported by the Mallat Family Fund for Research in Mathematics

invites you to a

Workshop on Group Theory
on the Occasion of
Arye Juhasz' 70th birthday
at the Technion, Amado Building

Wednesday – Friday, January 4th -6th , 2017.

This workshop brings together researchers from all the areas of combinatorial and geometric group theory that Arye has contributed to, in particular Artin and Coxeter groups, small cancellation theory, one-relator groups, solvability of equations over groups, profinite groups and generalizations of hyperbolic groups, to celebrate his 70th birthday.

The list of speakers:

Inna Bumagin (Carleton University), Ruth Charney (Brandeis University), Andrew Duncan (Newcastle University), Martin Edjvet (University of Nottingham), Gili Golan (Vanderbilt University), Shamgar Gurevich (University of Wisconsin-Madison & Yale), Alex Lubotzky (The Hebrew University of Jerusalem), Avinoam Mann (The Hebrew University of Jerusalem), Luis Paris (Université de Bourgogne), Eugene Plotkin (Bar-Ilan University), Doron Puder (Tel Aviv University), Ilya Rips (The Hebrew University of Jerusalem), Igor Rivin (University of St. Andrews), Mark Sapir (Vanderbilt University), Malka Schaps (Bar-Ilan University), Michael Schein (Bar-Ilan University), Carlo Scoppola (Universita' dell'Aquila), Yoav Segev (Ben Gurion University), Zlil Sela (The Hebrew University of Jerusalem), Vladimir Shpilrain (The City College of New York), Mark Shusterman (Tel Aviv University), Robert Shwartz (Ariel University).

Organizers: Fabienne Chouraqui, Tobias Hartnick & Danny Neftin
