

THE ISRAEL ACADEMY OF SCIENCE AND HUMANITIES

The Batsheva de Rothschild Fund

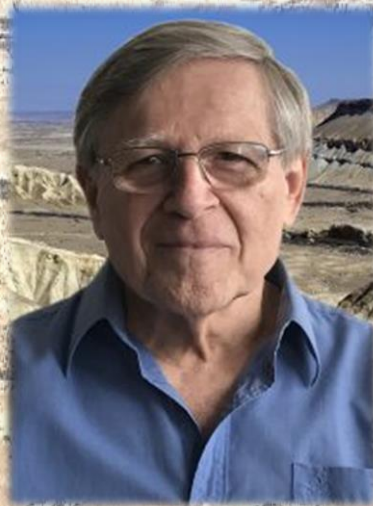

The Advancement of Science in Israel
The American Foundation of Basic Research in Israel

**The Batsheva de Rothschild Seminar on
Hardy-type Inequalities and Elliptic PDEs**

Midreshet Sde Boker, Israel

7-11.01.2018

**The conference is held on the occasion of
Professor Moshe Marcus' 80th Birthday**

The aim of this conference is to bring together researchers working on Hardy-type inequalities and elliptic partial differential operators, and to exchange new results and developments in functional inequalities and differential operators.

Organizing committee: D. Mangoubi, Y. Pinchover, M. Sodin

Partial funding for the seminar was also obtained from the Mallat Family Fund for Research in Mathematics.
